1. I was in touch with Colonel [REDACTED] the afternoon of 2 August regarding the people from NRO who wished to attend the System 10 briefing you and I discussed informally. [REDACTED] had touched base with Dr. [REDACTED] who would like the briefing at 1530 Tuesday 7th August in room 4E869 in the Pentagon rather than over here. Attending with Dr. [REDACTED] Colonel [REDACTED] Colonel [REDACTED] and Colonel Geary.

2. I told Colonel [REDACTED] there would be six people from HRB and that the briefing might well be longer than the one hour which [REDACTED] preferred. He said that [REDACTED] would probably leave at the end of one hour in any event but that the conference room would be reserved for at least two hours. I also told [REDACTED] that I would confirm with him a listing of the ballplayers from over here who would be present. I should like to discuss this last with you before the close of business, Friday 3 August.
